

MINOA

NEW ERA OF HOUSEBOATS

About Us

The background image shows a luxurious yacht deck. In the foreground, there are several white lounge chairs with dark frames. To the right, a staircase with dark wood treads and railings leads up to an upper level. The deck is finished with light-colored teak planking. The overall atmosphere is bright and airy, suggesting a high-quality, modern marine environment.

At Minoa, our name is inspired by the ancient Minoans, one of the earliest maritime powers in the Mediterranean, renowned for their innovative shipbuilding and mastery of the sea. Drawing from this rich heritage, Minoa embodies centuries of nautical tradition combined with modern innovation.

Founded on a deep-rooted passion for the sea and its boundless possibilities, Minoa has years of experience in crafting luxurious, state of the art houseboats and catamarans.

Our expertise in marine engineering and design allows us to create vessels that are not only aesthetically pleasing but are also built to the highest standards of functionality and sustainability.

Join us at Minoa as we navigate the waters of tradition and innovation, creating the future of luxury marine living. We are committed to continuing the legacy of the Minoans, making the sea more accessible, enjoyable, and sustainable for adventurers around the world.

MINOA

Our Vision

At Minoa, our vision is to revolutionize maritime living by combining the rich heritage of ancient seafaring civilizations with cutting-edge technology and sustainable practices. We aim to set new standards in luxury and comfort on the water, creating exceptional experiences for our clients.

By continuously innovating and adhering to the highest quality standards, we aspire to lead the industry in eco-friendly, customizable, and elegant marine vessels. Our commitment to excellence ensures that every journey with Minoa is not only a voyage across the seas but a step towards a more sustainable and luxurious future.

MINOA

Customization

A modern white yacht with a large glass window and a balcony, sailing on the water at sunset. The yacht is shown from a side-rear perspective, with the sun low on the horizon, creating a warm glow. The water is calm, reflecting the light. The yacht has a sleek, contemporary design with a prominent glass window and a balcony area.

At Minoa, we believe that your houseboat should be as unique as you are. That's why we offer extensive customization options for the Minoa 170, allowing you to tailor nearly every aspect of your vessel to suit your personal style and needs. From the layout of the cabins to the choice of materials, every detail can be adjusted.

Clients can choose from a variety of luxurious materials for both the interior and exterior, including different types of wood finishes for the decking and furniture, such as the exquisite Burma teak or elegant walnut. Additionally, upholstery and other soft furnishings come in a range of high-quality fabrics and colors, enabling you to create an ambiance that reflects your taste.

For those who prioritize technology, the Minoa 170 can be equipped with the latest advancements in marine electronics and automation.

With Minoa, the possibilities are endless. We are dedicated to crafting not just a boat, but a personal retreat that aligns perfectly with your vision of luxury and comfort on the water.

MINOA

Sustainability

Embracing our commitment to sustainability, the Minoa 170 is designed with the future of our planet in mind. Every aspect of this vessel, from construction to operation, focuses on minimizing environmental impact. The inclusion of optional solar panels on the roof harnesses natural energy, reducing reliance on fossil fuels and significantly lowering emissions.

The onboard watermaker efficiently converts seawater to fresh water, lessening the need for plastic water bottles and reducing the boat's overall environmental footprint. Furthermore, the use of sustainable materials such as Burma teak and walnut in the decking and furniture not only ensures durability and aesthetic appeal but also supports responsible forestry practices. These features, combined with energy-efficient systems like the Webasto heating and state-of-the-art Raymarine navigation equipment, underscore our dedication to eco-friendly luxury.

The Minoa 170 offers a greener way to explore the seas without compromising on comfort or performance, making each voyage as responsible as it is unforgettable.

MINOA

MINOA 135

The Minoa 135 invites you to embrace the elegance of the sea with a compact yet powerful design. At 13.5 meters in length, this yacht embodies the spirit of ancient explorers who ventured beyond the known, seeking new lands and endless horizons.

Today, the Minoa 135 takes you on that same journey, offering an unparalleled connection to the open water. Step onto the spacious flybridge, where panoramic views create the perfect backdrop for unforgettable moments—whether you're basking in the warmth of the sun or gazing at the stars in the quiet of the night.

Every detail, from its eco-conscious design to its spacious layout, has been carefully crafted to blend sustainability with luxury, ensuring your voyage is both indulgent and mindful of the world around you.

With advanced solar energy powering your journey, the Minoa 135 allows you to explore with confidence and ease. It's more than just a yacht—it's a gateway to the infinite, a space where every moment on board becomes part of your personal story.
